### **SAFEGUARDING AND CHILD PROTECTION POLICY – September 2020**

This policy is available on our school website and is available on request from the school office. We also inform parents and carers about this policy when their children join our school and through our school newsletter.

**This is a core policy that forms part of the induction for all staff.**

It is a requirement that all members of staff have access to this policy and sign to say they have read and understood its contents. In addition, all staff are provided with Part One of the statutory guidance [‘Keeping Children Safe in Education’](#), DfE (2020).

Approved by the Local Governing Body on 29<sup>th</sup> September 2020

Last reviewed on: September 2020

Next review due by: September 2021

Member of Staff Responsible: [Zoe Mayston \(Headteacher and DSL\)](#)

**This policy will be reviewed at least annually and/or following any updates to national and local guidance and procedures.**

## What to do if you have a welfare concern at Balfour Junior Academy

### Why are you concerned?

- Allegation/ child shares a concern or worry
- Indicators of abuse or neglect

### Immediately record your concerns

- Follow the schools procedure by completing a concern form and speaking to either Zoe, Gary, Phillipa or Becky, your DCPCs
  - Reassure the child
  - Clarify concerns if necessary (**TED**: **T**ell, **E**xplain, **D**escribe)
  - Use child's own words

**Inform the Designated Safeguarding Lead:** Zoe Mayston (Headteacher) or **Deputy Designated Safeguarding Lead** Gary Kirk (Deputy Headteacher), Phillipa Dennis (SENDCo) or Rebecca Denny (FLO)

### Designated Safeguarding Lead

- Consider whether the child is at immediate risk of harm e.g. unsafe to go home
- Access the MSCP [Inter-Agency Threshold Criteria for Children in Need](#) for further guidance.
- If the child is **at imminent risk of harm** a referral will be made to First Response – 01634 334466
- If the child is **NOT** at imminent risk then a referral will be made via [\(the portal\)](#)
- If unsure then consult with First Response '**No Name Consultation line**' 9:30 – 12:30 (01634 33 1662) or the First Response on 01634 33 4466

### If you are unhappy with the response

#### Staff:

- Follow local escalation procedures
- Follow Whistleblowing procedures

#### Pupils and Parents:

- Follow school complaints procedures which is available from the office or on the website

**Record decision making and action taken in the pupil's Child Protection/safeguarding file**

### Monitor - Be clear about:

- What action you have taken at the time of reporting the concerns.
- What you are monitoring e.g. behaviour trends, appearance etc.
- How long you will monitor
- Where, how and to whom you will feedback and how you will record

**Review and request further support** (if necessary)

At all stages the child's circumstances will be kept under review  
The DSL/Staff will request further support if required to ensure the **child's safety is paramount**

## 1. Introduction and Ethos

- **Balfour Junior Academy** is a community and all those directly connected (staff, volunteers, governors, parents, families and pupils) have an essential role to play in making it safe and secure. **Balfour Junior Academy** recognises our statutory responsibility to safeguard and promote the welfare of all children.
- **Balfour Junior Academy** recognises the importance of providing an ethos and environment within school that will help children to be safe and feel safe. In our school children are respected and encouraged to talk openly.
- Through their day-to-day contact with pupils and their direct work with families, all staff and volunteers in school have a crucial role to play in noticing indicators of possible abuse or neglect at an early stage. Our school may be the only secure, stable and predictable element in their lives.

**Balfour Junior Academy** will endeavour to support the welfare and safety of all students through:

- Ensuring that the child's welfare is of paramount importance.
- Protecting children and young people at our school from maltreatment and exploitation.
- Ensuring all staff are able to recognise the signs and symptoms of abuse and are aware of the school's procedures and lines of communication.
- Ensuring that children and young people at our school grow up in circumstances consistent with the provisions of safe and effective care.
- Providing children a balanced curriculum including PSHE (Personal, Social and Health Education); RSE (Relationships and Sex Education) to help students stay safe, recognise when they don't feel safe and identify who they might / can talk to.
- Work with parents to ensure that parents understand the school's responsibility to ensure the welfare of all children including the need for referral to other agencies in some situations.
- Monitoring children and young people who have been identified as having welfare or protection concerns; keeping confidential records which are stored securely and shared appropriately with other professionals.
- As a school we ensure all staff have the knowledge and understanding to embed safeguarding through systems so that safeguarding is a robust element of our school.
- Ensuring all steps are taken to maintain site security and students' physical safety
- The voice of the child is evident in case files and informs school's policy developments.
- Ensuring that the school practises safer recruitment processes in checking the suitability of staff, volunteers, visitors/contractors and parents about expected

behaviour and our legal responsibility to safeguard and promote the welfare of all our children at our school.

- Working with a commitment to safeguarding/child protection in a multi-agency environment and developing effective and supportive co-operation with other agencies.

**This policy should be read in conjunction with:**

- [‘Keeping children safe in education’ \(revised for September 2020\)](#) – statutory guidance for schools and colleges from the Department for Education, setting out the responsibilities placed on schools and colleges to safeguard and promote the welfare of children.
- [‘Working together to safeguard children’ 2019](#) – this statutory guidance for organisations and professionals who provide services to children was revised in 2018 to reflect multi-agency safeguarding arrangement
- [“What to do if worried a child is being abused” \(March 2015\)](#) - Guidance to help practitioners identify the signs of child abuse and neglect and understand what action to take.
- [‘Information Sharing: Advice for practitioners providing safeguarding services to children, young people, parents and carers \(July 2018\)](#) this advice is for practitioners and senior managers. It helps them decide when and how to share personal information legally and professionally.
- [Section 175 of the Education Act 2002](#) requires school governing bodies, local education authorities and further education institutions to make arrangements to safeguard and promote the welfare of all children who are pupils at a school, or who are students under 18 years of age. Such arrangements will have to have regard to any guidance issued by the Secretary of State.

## 2. Definition of Safeguarding

- ‘Safeguarding and promoting the welfare of children is **everyone’s** responsibility. **Everyone** who comes into contact with children and their families has a role to play. In order to fulfil this responsibility effectively, all practitioners should make sure their approach is **child-centred**. This means that they should consider, at all times, what is in the **best interests** of the child. (Keeping Children Safe in Education September 2020)

Safeguarding children is defined in [‘Working together to safeguard children’ 2019](#) as:

- protecting children from maltreatment
- preventing impairment of children’s mental and physical health or development

- ensuring that children are growing up in circumstances consistent with the provision of safe and effective care
  - taking action to enable all children to have the best outcomes
- All relevant policies will be reviewed on an annual basis by the Governing Body which has responsibility for oversight of school safeguarding and child protection systems.
  - The Designated Safeguarding Leads / Headteacher will ensure regular reporting on safeguarding activity and systems in school to the Governing Body. The Governing Body will not receive details of individual student situations or identifying features of families as part of their oversight.
  - The Designated Safeguarding Leads/ Headteacher will ensure they consider the potential criminal aspects of child protection concerns and seek consultation with the police in addition to following local safeguarding procedures.

### 3. Key Responsibilities

- The Governing Body, Proprietor and staff have read and will follow [Keeping Children Safe in Education 2020](#).
- **Balfour Junior Academy** has a nominated governor for safeguarding, Mr George Perfect. The nominated governor will take the lead role in ensuring that the school has an effective policy which interlinks with other related policies; that locally agreed procedures are in place and being followed; and that the policies are reviewed at least annually and when required.
- The Governing Body, Headteacher and Leadership Team will ensure that the DSL is suitably supported in their role and ensures that the DSL understands they have the responsibility in leading safeguarding and child protection across the school.
- The Governing Body should ensure that the DSL has the appropriate status, authority, funding, resources, training and support to provide advice and guidance to all staff members within the school on child welfare and child protection. The Designated Safeguarding Lead/Deputy Designated Safeguarding Lead receives appropriate and regular supervision from senior leadership team or external services.

#### 3.1 Designated Safeguarding Lead (DSL)

- The Designated Safeguarding lead will carry out their roles in accordance with [Keeping Children Safe in Education 2020](#)
- The school has appointed **Zoe Mayston** as the Designated Safeguarding Leads (DSLs) and **Phillipa Dennis, Gary Kirk and Rebecca Denny** as deputy

Designated safeguarding Leads. The DSL has the overall responsibility for the day to day oversight of safeguarding and child protection systems in school.

- The Designated safeguarding lead and any deputies will undergo appropriate training to provide them with the knowledge and skills required to carry out their role.
- The DSL and any deputy DSL's training will be updated formally every two years but their knowledge and skills will be updated through a variety of methods (e-bulletins, conferences, local meetings, other training etc.) at regular intervals and at least annually, to keep up with any developments relevant to their role.
- The school has appointed Rebecca Denny to deputise for the DSLs . Deputy DSLs have attended appropriate training which enables them to fulfil this role. Whilst the activities of the Designated Safeguarding Lead may be delegated to the deputies, the ultimate lead responsibility for safeguarding and child protection remains with the Designated Safeguarding Lead and this responsibility will not be delegated.
- **It is the role of the DSL to:**
  - Be the main contact point for all school staff to discuss any safeguarding concerned.
  - Manage and maintain the confidential paper/electronic case management systems to record cause for concerns on students to ensure the quality of information is accurate, proportionate, and timely, also assessment/referrals are made appropriately.
  - Coordinate safeguarding action for individual children
    - In the case of Children in Care, the DSL should have the details of the child's social worker and the name of the virtual school head in the authority who looks after the child (with the DSL liaising closely with the designated teacher.)
  - To liaise with safeguarding partners, other agencies and staff in line with Working together to Safeguard Children 2019.
  - Ensure that Medway referral procedures are followed as necessary (see referral process page 2).
  - As required represent and liaise appropriately with other professionals and ensure the school is represented at multi agency safeguarding meetings (including child protection conferences).
  - Ensure all staff has access to and understand this school's child protection policy and procedures especially new and part time staff.
  - Act as a source of support, advice and expertise for all staff during term time (during school hours) for staff in the school to be able to discuss any safeguarding concerns.
  - To encourage a culture of listening to children and taking account of their wishes and feelings, among all staff this will assist with any measures the school may put in place to protect them.

- Ensure all staff access appropriate safeguarding training and relevant updates in line with the recommendations within [Keeping Children Safe in Education 2019](#)

### 3.2 Members of Staff

- **All members of staff have a responsibility to:**
  - Provide a safe environment in which children can learn.
  - Maintain an attitude of 'it could happen here' where safeguarding is concerned and to always act in the best interests of the child
  - Know the names of the DSL team and understand their role
  - Have read and understood part one of [Keeping Children Safe in Education 2020](#)
  - Identify and recognise children who may be in need of early help, who are suffering, or are likely to suffer significant harm
  - Be aware of the indicators of abuse and neglect so that they are able to identify cases of children who may be in need of help or protection.
  - Consider wider environmental factors in a child's life that may be a threat to their safety and/or welfare.
  - Be aware of the process of making referrals to children's social care and statutory assessment under the Children Act 1989.
  - All members of staff at **Balfour Junior Academy** know what to do if a child tells them he/she is being abused or neglected. Members of staff know to maintain an appropriate level of confidentiality whilst at the same time liaise with relevant professionals such as the DSL and other agencies.
  - In order to protect confidentiality, safeguarding information about individual children is shared on a need to know basis only.
  - Understand and comply with this policy and understand other safeguarding policies and systems.
  - To undertake regular and appropriate training which is regularly updated.
  - Be aware of and take appropriate action to raise concerns regarding poor or unsafe practice or potential failures in the school safeguarding regime. (this may include accessing the school whistleblowing policy)
  -

### 3.3 Children and Young People

- **Children and young people (pupils) have a right to:**
  - Contribute to the development of school safeguarding policies.
  - Seek help from a trusted adult and feel listened to.
  - Learn how to keep themselves safe by recognising when they are themselves at risk and how to get help when they need it, including online.

Children may need a social worker due to safeguarding or welfare needs, such as abuse, neglect and complex family circumstances.

These experiences can leave children vulnerable to further harm, as well as potentially creating barriers to attendance, learning, behaviour and mental health

Your local authority should tell your school if a child has a social worker, and the DSL should hold and use this information in the best interests of the child's safety, welfare and educational outcomes, such as when decisions are made on:

Responding to unauthorised absence or missing education where there are known safeguarding risks

The provision of pastoral and/or academic support

There's further information in the findings from the [Children in Need review](#), including the steps the government is taking to support this

### 3.4 Parents and Carers

- **Parents/carers have a responsibility to:**
  - Work in partnership with the school to safeguard and promote the welfare of child/ren and understand **Balfour Junior Academy** statutory responsibilities in this area.
  - Read and adhere to the relevant school/policies and procedures.
  - Talk to their children about safeguarding issues with their children & support the school in their safeguarding approaches.
  - Identify behaviours which could indicate that their child is at risk of harm.
  - Seek help and support from the school, or other appropriate agencies.
- We are committed to working with parents positively, openly and honestly. We ensure that all parents are treated with respect, dignity and courtesy. We respect parents' rights to privacy and confidentiality and will not share sensitive information unless we have permission or it is necessary to do so in order to safeguard a child/ren.

**The welfare and safety of children however are the responsibility of all staff in school and ANY concern for a student's welfare MUST be reported to the Designated Safeguarding Lead.**

### 4. Recognition and Types of Abuse and Neglect

- As a school we are aware that abuse, neglect and safeguarding issues are rarely individual events that can be covered by one definition or label. In most cases

multiple issues will overlap with one another for further guidance: [Responding to Abuse and Neglect](#)

- Staff working with children are advised to maintain an attitude of 'it could happen here' where safeguarding is concerned. When concerned about the welfare of a child, staff should always act in the best interests of the child.
- Knowing what to look for is vital to the early identification of abuse and neglect. If staff are unsure, they should always speak to the Designated Safeguarding Lead (or a deputy).

## **Mental health**

- All staff should be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation
- Only trained professionals should make a diagnosis of a mental health problem, but staff are well placed to observe children and identify those whose behaviour suggests they may be experiencing a mental health problem, or be at risk of developing one
- Abuse, neglect and other traumatic adverse childhood experiences can have a lasting impact, and it's key that staff are aware of how these experiences can affect children's mental health, behaviour and education
- Staff should take action on any mental health concerns that are also safeguarding concerns, following your school's child protection policy and speaking to the designated safeguarding lead (DSL) or deputy
- There's government guidance available on [preventing and tackling bullying](#) and [mental health and behaviour](#), as well as Public Health England guidance on [promoting children's emotional health and wellbeing](#) and lesson plans and teaching materials from [Rise Above](#)
- Governing boards should ensure there are clear systems and processes in place for identifying possible mental health problems, including routes to escalate and clear referral and accountability systems

The DfE will be supporting the costs of:

- A training programme for senior mental health leads to develop a whole school approach to mental health (this should be available by 2025)
- The national rollout of the [Link Programme](#)

- All staff in school should be aware of the definitions and indicators of abuse and neglect. There are four categories of abuse:
  - **Physical abuse:** a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child.
  - **Emotional abuse:** the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development.
  - **Sexual abuse:** involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening.
  - **Neglect:** the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development.

**The most up to date definitions and possible indicators and signs of abuse are found in Appendix 1 of this document. Staff should also refer to [Part 1 Keeping Children Safe in Education 2020](#) and [What to do if you are worried a child is being abused 2015](#).**

- All staff members are aware that child welfare concerns may arise in many different contexts and can vary greatly in terms of their nature and seriousness. All staff, but especially the Designated Safeguarding Lead should be considering the context within which such incidents and/or behaviors occur. This is known as '[Contextual Safeguarding](#)', which simply means assessments of children should consider whether wider environmental factors are present in a child's life that are a threat to their safety and/or welfare. **Further information on Contextual safeguarding can be found in Appendix 3 of this document.**
- The warning signs and symptoms of child abuse and neglect can vary from child to child. Children also develop and mature at different rates, so what appears to be worrying behaviours for a younger child might be normal for an older child.
- Parental behaviours' may also indicate child abuse or neglect, so staff should also be alert to parent-child interactions or concerning parental behaviours; this could include parents who are under the influence of drugs or alcohol or if there is a sudden change in their mental health.
- By understanding the warning signs, we can respond to problems as early as possible and provide the right support and services for the child and their family. It is important to recognise that a warning sign doesn't automatically mean a child is being abused.

## 5. Specific Safeguarding Issues

- **Balfour Junior Academy** is aware of environmental factors which may impact on a child's welfare and safety and understand safeguarding in the wider context.
- All staff should have an awareness of safeguarding issues that can put children at risk of harm. Behaviours linked to issues such as drug taking, alcohol abuse, deliberately missing education and sexting (also known as youth produced sexual imagery) put children in danger. The categories/issues that follow are by no means an exhaustive list but gives an indication of the current themes in safeguarding and protecting children.

### 5.1 Peer on Peer Abuse

- **Balfour Junior Academy** recognises that children are capable of abusing other children. This referred to as peer on peer abuse and can take many forms. This can include (but is not limited to) bullying (including cyberbullying); sexual violence and sexual harassment; physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm; sexting and initiating/hazing type violence and rituals.
- **Balfour Junior Academy** will not tolerate, dismiss or minimize any harmful behaviours in school and will take swift action to intervene when this occurs. Any incidents of peer on peer abuse will be managed in the same way as any other child protection concern and in accordance with the Medway Safeguarding Children's partnership procedures.
- The school will follow the guidance [Sexual violence and sexual harassment between children in schools and colleges 2018](#) and [Keeping Children Safe in Education 2020](#).
- The school will respond to cases of "sexting" (or Youth Produced Sexual Imagery) in line with the UKCCIS "[Sexting in Schools and Colleges](#)" guidance.
- Further information in relation to the schools approach to "sexting" can be found in the school Online Safety Policy.
- The school will take steps to ensure that appropriate curriculum time is dedicated to enable children to develop an awareness and understanding of abusive behaviour and minimise the risk of all forms of peer on peer abuse. We will also ensure that children recognise warning signs and supports of support both within the school and externally (such as Kent Police, ChildLine etc.).

### 5.2 Child Sexual Exploitation (CSE)

- Balfour Junior Academy recognises that Child sexual exploitation (CSE) is a type of **sexual abuse**. When a child or young person is exploited they're given things, like gifts, drugs, money, status and affection, in exchange for performing sexual activities. Children and young people are often tricked into believing they're in a loving and consensual relationship. This is called **grooming**. They may trust their abuser and not understand that they're being abused.
- These are defined as forms of abuse where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into sexual or criminal activity
  - The imbalance can be due to age, as well as other factors like gender, sexual identity, cognitive ability, physical strength, status and access to economic or other resources
  - In some cases, the abuse will be in exchange for something the victim needs or wants and/or will be to the financial benefit or other advantage (e.g. increased status) of the perpetrator or facilitator
  - It can be perpetrated by individuals or groups, males or females, and children or adults
  - It can be a one-off occurrence or be a series of incidents over time, and range from opportunistic to complex organised abuse
  - It can involve force and/or enticement-based methods of compliance and can involve violence or threats of violence
  - Victims can be exploited even when activity appears to be consensual
  - It can happen online as well as in person
- Sometimes abusers use violence and intimidation to frighten or force a child or young person, making them feel as if they've no choice. They may lend them large sums of money they know can't be repaid or use financial abuse to control them.
- Anybody can be a perpetrator of CSE, no matter their age, gender or race. The relationship could be framed as friendship, someone to look up to or romantic. Children and young people who are exploited may also be used to 'find' or coerce others to join groups.
- Sexual exploitation can be difficult to spot and sometimes mistaken for "normal" teenage behaviour. Knowing the signs can help protect children and help them when they've no one else to turn to. To support in identifying the signs of child sexual exploitation please refer to the [CSE-Toolkit Kent and Medway](#) and [the MSCP Risk Assessment tool for sexually active young people](#).
- Where a CSE concern has been identified, the form linked below is to be used to provide intelligence to the police in order to get a better understanding of local CSE concerns and issues. Please use the link to - [Report a CSE concern](#) online.
- If you need further details or help to completing the form please the CSE team direct by [cse.team.kent.and.medway@kent.pnn.police.uk](mailto:cse.team.kent.and.medway@kent.pnn.police.uk)

Alternatively you can complete the [Child Sexual Exploitation form](#) by hand and email the completed form to the Multi-Agency Child Sexual Exploitation Team (CSET) on [cse.team.kent.and.medway@kent.pnn.police.uk](mailto:cse.team.kent.and.medway@kent.pnn.police.uk).

### 5.3 Child criminal exploitation: county lines

- County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs into one or more importing areas within the UK, using dedicated mobile phone lines or other form of “deal line”. They are likely to exploit children and vulnerable adults to move and store the drugs and money and they will often use coercion, intimidation, violence (including sexual violence) and weapons. (*UK government definition - [Criminal Exploitation of children and vulnerable adults: County Lines guidance 2020](#)*)
- Key to identifying potential involvement in county lines are missing episodes, when the victim may have been trafficked for the purpose of transporting drugs and a referral to the National Referral Mechanism should be considered.
- The exploitation of young and vulnerable people is a common feature in the facilitation of county lines drugs supply, whether for the storage or supply of drugs, the movement of cash, or to secure the use of dwellings held by vulnerable people in the rural marketplace this is commonly referred to as cuckooing. Cuckooing is a term used to describe a **form of crime in which drug dealers take over the home of a vulnerable person** in order to use it as a base for storing or dealing drugs.
- Should we have reason to believe a student has become involved in this activity we will make referrals to First Response in Children’s Social Care and the police.

***Keeping Children Safe in Education 2020 have updated their policy to include ‘Serious crime’. Specific guidance has been added to support schools where pupils may be at risk from serious crime***

- All staff should be aware of indicators, which may signal that children are at risk from, or are involved with serious violent crime. These may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in well-being, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with individuals associated with criminal networks or gangs (DfE, 2019a)
- All staff should be aware of the associated risks and understand the measures in place to measure these. Advice for schools and colleges is provided in the Home Office’s [Preventing youth violence and gang involvement and its criminal exploitation of children and vulnerable adults: county lines guidance](#).

### 5.4 Children Missing Education (CME)

- All staff should be aware that children going missing, **particularly repeatedly**, can act as a vital warning sign of a range of safeguarding possibilities. This may include abuse and neglect, which may include sexual abuse or exploitation and child criminal exploitation. It may indicate mental health problems, risk of substance abuse, risk of travelling to conflict zones, risk of female genital mutilation or risk of forced marriage.
- Early intervention is necessary to identify the existence of any underlying safeguarding risk and to help prevent the risks of a child going missing in future.
- **Balfour Junior Academy** recognises that, when a child is not in school, children may be vulnerable to or exposed to other risks, so we work with parents and other partners to keep children in school whenever possible.
- Staff should be aware of their school's unauthorised absence and children missing from education procedures.

## 5.5 Domestic Abuse

- Domestic abuse is any type of controlling, bullying, threatening or violent behaviour between people in a relationship. It can seriously harm children and young people and witnessing domestic abuse is child abuse. Exposure to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children.
- **Balfour Junior Academy** recognises that Domestic abuse can encompass, but is not limited to: psychological; physical; sexual; financial; and emotional abuse.
- In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result. Domestic abuse affecting young people can also occur within their personal relationships, as well as in the context of their home life.
- Advice on identifying children who are affected by domestic abuse and how they can be helped is available at: [Medway Domestic Abuse Service](#) and <http://www.safelives.org.uk>

## 5.6 So-called 'honour-based' violence

- So-called 'honour-based' violence (HBV) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. Abuse committed in the context of preserving "honour" often involves a wider network of family or community pressure and can include multiple perpetrators.

- All staff need to be alert to the possibility of a child being at risk of HBV, or already having suffered HBV.
- If staff have a concern regarding a child that might be at risk of HBV or who has suffered from HBV, they should speak to the Designated Safeguarding Lead (or deputy). As appropriate, they will activate local safeguarding procedures, using existing national and local protocols for multi-agency liaison with police and children's social care. Where FGM has taken place, since 31 October 2015 there has been a mandatory reporting duty placed on **teachers** that requires a different approach (see following section).

### **Female Genital Mutilation (FGM):**

- FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and a form of child abuse with long-lasting harmful consequences.
- Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon **teachers**, along with other professionals, to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. It will be rare for teachers to see visual evidence, and they should **not** be examining pupils or students.
- The duty does not apply in relation to at risk or suspected cases (i.e. where the teacher does not discover that an act of FGM appears to have been carried out, either through disclosure by the victim or visual evidence). In these cases, teachers should follow local safeguarding procedures. The following is a useful summary of the FGM mandatory reporting duty [FGM Fact Sheet](#)
- Teachers **must** personally report to the police cases where they discover that an act of FGM appears to have been carried out. Unless the teacher has good reason not to, they should still consider and discuss any such case with the school's or college's Designated Safeguarding Lead (or deputy) and involve children's social care as appropriate.
- If you have identified someone who has undergone or is at risk of FGM please refer to [Kent and Medway procedures](#) and follow the flowchart on page 16 which will provide you with appropriate advice and guidance dependent on the incident.

### **Forced Marriage**

- Forcing a person into a marriage is a crime in England and Wales. Forced marriages occur when either or both participants have been pressured into entering matrimony, without giving their free consent. It's not the same as an

arranged marriage, which may have been set up by a relative or friend, and has been willingly agreed to by the couple.

- The school recognises that some communities use religion and culture as a way to coerce a person into marriage. Sometimes violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological.
- The Forced Marriage Unit has published statutory guidance and Multi-agency guidelines, with pages 35-36 of which focus on the role of schools and colleges. School and college staff can contact the Forced Marriage Unit if they need advice or information: Contact: 020 7008 0151 or email [fmf@fco.gov.uk](mailto:fmf@fco.gov.uk).

## **Breast Ironing**

- Breast flattening is a form of child abuse. See the CPS legal guidance on [Child Abuse](#)
- Breast Ironing is the process whereby young pubescent girls' breasts are ironed, massaged and/or pounded down through the use of hard or heated objects in order for the breasts to disappear or delay the development of the breasts entirely. It is believed that by carrying out this act, young girls will be protected from harassment, rape, abduction and early forced marriage and therefore be kept in education
- There are potentially significant physical and psychological consequences and risks related to this practice. Breast flattening is a form of child abuse. Therefore professionals must follow their Local Safeguarding Children's Board Procedures.

## **5.7 Preventing radicalisation**

- The Counter Terrorism and Security Act 2015 placed a duty on specified authorities, which includes schools, to have due regard to the need to prevent people from being drawn into terrorism (the PREVENT duty). The school's work in promoting life in modern Britain and promoting Fundamental British Values (democracy; the rule of law; individual liberty; mutual respect for and tolerance of those with different faiths and beliefs and for those without faith) through the curriculum and pastoral programs underpins this strategy.
- Staff should be aware that there is no single way of identifying whether a child is likely to be susceptible to an extremist ideology. Background factors combined with specific influences such as family and friends may contribute to a child's vulnerability. Similarly, radicalisation can occur through many different methods (such as social media) and settings (such as the internet).

- The department has published advice for schools on the [Prevent duty](#). The advice is intended to complement the Prevent guidance and signposts other sources of advice and support.
- Every member of staff at Name of School recognises that children exposed to radicalisation and extremism is no different to safeguarding against any other vulnerability and should be approached in the same way as protecting children from other risks.
- All staff and governors should complete the [Prevent online Awareness training](#) package developed by the Home Office which includes guidance on how to identify people who may be vulnerable to being drawn into terrorism, and how to refer them into the Channel process.
- Channel is a programme which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism. It provides a mechanism for schools to make referrals if they are concerned that an individual might be vulnerable to radicalisation.
- An individual's engagement with the programme is entirely voluntary at all stages. Guidance on Channel is available at: [Channel guidance](#), and a Channel awareness e-learning programme is available for staff at: [Channel General Awareness](#).

## 6. Safeguarding and Child Protection

- **Balfour Junior Academy** adheres to the MSCP Safeguarding Children Procedures. The full MSCP procedures and additional guidance relating to specific safeguarding issues can be found on the MSCP website <https://www.medwayscp.org.uk/mscb/>
- If staff have **any concerns** about a child's welfare, they should act on them immediately. See page 2 for a flow chart setting out the process for staff when they have concerns about a child.
- If a child is at risk of imminent danger or harm concerns will need to be referred by telephone to First Response 01634 334466 and/or the police. If it is an emergency the police need to be called on 999.
- **If there are child protection concerns the role of the school is NOT to investigate but to recognise and refer**

- **Less urgent concerns or requests for support will be referred to Children's social care and Early Help via the Medway online form ([the portal](#))**
- Once staff have spoken to the DSL the options the DSL will take will then include:
  - managing any support for the child internally via the school's own pastoral support processes;
  - an Early Help Assessment or
  - a referral for statutory services, for example as the child might be in need, is in need or suffering or likely to suffer harm.
  - All information and actions taken including the reasons for any decision/actions made, will be fully documented on a child's record.
- All staff are aware of the process for making request for support referrals for statutory assessments under the Children Act 1989, along with the role they might be expected to play in such assessments.
- Wherever possible the school will share safeguarding concerns, or the intention to refer a child to Children's social care, with parents or carers. **However staff will not do so where it is felt that to do so could place the child at greater risk of harm or impede a criminal investigation.** On occasions it may be necessary to consult with First Response and/ or the police for advice on when to share information with parents/carers.
- If the DSL is not available to discuss an immediate and urgent concern, staff can seek advice from the Deputy DSL. They may also seek advice from the Education Safeguarding Service or via consultation from the 'No Name' consultation line in First Response (9:30-12:30) on 01634 33 1662. If anyone other than the DSL makes a referral to external services, then they will inform the DSL as soon as possible.
- Staff may pass information about a child to the DSL but remain anxious about action subsequently taken. Staff should feel able to check the progress of a case with the DSL so that they can reassure themselves the child is safe and their welfare is being considered. If following this process, the staff member remains concerned it is the responsibility of that staff member to follow the school's escalation process.
- If a child's situation does not appear to be improving, then the DSL (or the person that made the request for support) will consider a re-referral.
- If there are concerns regarding the decision making for a child by any agency then the [MSCP escalation procedures](#) can be used to explore the concerns and consider agency practice and action. .
- All members of staff are made aware of the internal and local Early Help support services. Where a child is being offered or receiving Early Help support, staff will be supported to understand their role in any Early Help assessment or intervention. This includes identifying emerging problems, liaising with other professionals, and in some cases acting as the lead practitioner.

- The DSL will keep all Early Help cases under constant review and consideration will be given to a request for support to the First Response if the situation does not appear to be improving or is getting worse.
- **The child's wishes**
  - Where there is a safeguarding concern, Governing Bodies, proprietors and school leaders should ensure the child's wishes and feelings are taken into account when determining what action to take and what services to provide.
  - Systems should be in place for children to express their views and give feedback. Ultimately, all systems and processes should operate with the **best interests of the child at their heart. However this should not prevent safeguarding action being taken, for the child or children involved.**

## 7. Record Keeping

- Well-kept records are essential to good child protection practice. Our school is clear about the need to record any concern about a child or children within our school and when these records should be shared with other agencies.
- All concerns, discussions and decisions made, and the reasons for those decisions, should be recorded in writing. If in doubt about recording requirements, staff should discuss with the Designated Safeguarding Lead (or deputy).
- Staff will record any welfare concern that they have about a child on the school's safeguarding incident/concern form (with a body map if injuries have been observed) and pass them without delay to the DSL. Records will be completed as soon as possible after the incident/event, using the child's words and will be signed and dated by the member of staff.
- Safeguarding records are kept for individual children and are maintained separately from all other records relating to the child in the school. Safeguarding records are kept in accordance with data protection legislation and are retained centrally and securely by the DSL. Safeguarding records are shared with staff on a 'need to know' basis only.
- All safeguarding records will be transferred in accordance with data protection legislation to the child's subsequent school/setting, under confidential and separate cover. These will be given to the new DSL and a receipt of delivery will be obtained.
- The DSL will keep the Headteacher informed of any significant issues.

### 7.2 Incident/Welfare concern forms are kept

Concern sheets are kept in the office and all incidents are recorded on CPoms

### 7.2 Child protection file

- Where children leave the school or college the Designated Safeguarding Lead should ensure their child protection file is transferred to the new school or college as soon as possible. This should be transferred separately from the main pupil file, ensuring secure transit, and confirmation of receipt should be obtained. Receiving schools and colleges should ensure key staff such as designated safeguarding leads and SENCOs or the named person with oversight for SEN in colleges, are aware as required.
- In addition to the child protection file, the Designated Safeguarding Lead should also consider if it would be appropriate to share any information with the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue supporting victims of abuse and have that support in place for when the child arrives

## 8. Multi-agency Working

- **Balfour Junior Academy** identifies that they have a pivotal role to play in multi-agency safeguarding arrangements. Governing bodies and proprietors should ensure that the school or college contributes to multi-agency working in line with statutory guidance [Working Together to Safeguard Children 2019](#). It is especially important that schools and colleges understand their role in the new safeguarding partner arrangements. See [MSCP Website for further information](#)
- **Balfour Junior Academy** recognises and is committed to its responsibility to work with other professionals and agencies both to ensure children's needs are met and to protect them from harm. We will endeavour to identify those children and families who may benefit from the intervention and support of external professionals and will seek to enable referrals (in discussion with parents/carers) as appropriate.
- Schools are not the investigating agency when there are child protection concerns, we will however contribute to the investigation and assessment processes as required.
- **Balfour Junior Academy** recognises the importance of multi-agency working and will support attendance at relevant safeguarding meetings, including Child Protection Conferences, Core Groups, Strategy Meetings, Child in Need meetings or other early help multi-agency meetings
- The School Leadership Team and DSL will work to establish strong and co-operative relationships with relevant professionals in other agencies.
- Name of School identifies the importance of a good working relationship between agencies but sometimes there may be a difference of professional views. The safety of children is the priority consideration in any professional disagreement.

- MSCP have an [Escalation Policy](#) which gives you clear routes to escalate concerns so agencies can agree a way forward.

Professionals should use the [Escalation Policy](#) if they have concerns about decisions made by other professionals or agencies that may be getting in the way of keeping a child safe.

## 9. Confidentiality and Information Sharing

- expect all staff to treat information they receive about a children and young people in a discreet and confidential manner. Confidential information should never be used casually in conversation or shared with any person other than a **'need to know basis'**.
- All members of staff must be aware that whilst they have duties to keep any information confidential, they also have a professional responsibility to share information with other agencies to safeguard
- The Data Protection Act places a duty on organisations and individuals with regards to processing personal information fairly and lawfully. As a school we adhere to data protection yet we do not allow this to stand in our way in the need to promote the welfare and protect the safety of our children in our care.
- All staff must be aware that they cannot promise a child to keep secrets which might compromise the child's safety or wellbeing. In accordance with statutory requirements, where there is a child protection concern, this must be reported to the Designated Safeguarding Lead and may require further referral and subsequent investigation by the appropriate authorities.

## 10. Complaints

- **Balfour Junior Academy** has a complaints procedures available on the web site and from the school office. As a school we encourage children and families to raise with us complaints, concerns or comments and have a robust internal investigation process.
- The complaint policy states clearly the stages of complaints and where to escalate concerns following completion of process either through [Ofsted](#) or [Education Skills Funding Agency \(ESFA\)](#).
- Safeguarding concerns should be raised with school immediately. If a concern or a child is at immediate risk then the individual needs to contact First Response 01634 334466 or the police on 101. All visitors are given a safeguarding leaflet that outlines how to share concerns and also code of conduct expected by visitors/contractors.

- All reported concerns will be taken seriously and considered within the relevant and appropriate process. Anything that constitutes an allegation against a member of staff or volunteer will be dealt with under the specific [Procedures for Managing Allegations against Staff](#).

## 11. Staff Induction, Awareness and Training

- All members of staff have been provided with a copy of Part One of [“Keeping Children Safe in Education” \(2020\)](#) which covers Safeguarding information for all staff. School leaders will read the entire document. School leaders and all members of staff who work directly with children will access Annex A within [Keeping Children Safe in Education 2020](#). Members of staff have signed to confirm that they have read and understood Part One and Annex A. This information is kept in the safeguarding updates file in the Headteacher’s office.
- The DSL will ensure that all new staff and volunteers (including temporary staff) are aware of the school’s internal safeguarding processes.
- All staff members (including temporary staff) will be made aware of the school’s expectations regarding safe and professional practice via the staff behaviour policy (or code of conduct) and Acceptable Use Policy.
- All staff should undergo safeguarding and child protection training (including online safety) at induction. The training should be regularly updated. Induction and training should be in line with advice from the local three safeguarding partners.
- All members of staff should receive regular safeguarding and child protection updates (for example, via email, e-bulletins, staff meetings) as required, and at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.
- Governing bodies and proprietors should recognise the expertise staff build by undertaking safeguarding training and managing safeguarding concerns on a daily basis. Opportunity should therefore be provided for staff to contribute to and shape safeguarding arrangements and child protection policy.
- The DSL and Head Teacher will provide an annual report to the Governing Body detailing safeguarding training undertaken by all staff and will maintain an up to date register of who has been trained.
- **Balfour Junior School** has a nominated lead for the Governing Body, Mr George Perfect, all members of the Governing Body will access appropriate safeguarding training which covers their specific strategic responsibilities on a regular basis.

## 12. Safe Working Practice

- All members of staff are required to work within clear guidelines on Safe Working Practice / the school's Code of Conduct.
- Staff should be aware of the school's **Behaviour Management and Physical Intervention Policies**, and any physical interventions must be in line with agreed policy and procedures.
- A list of staff that have accessed Team Teach physical intervention training will be kept by the Headteacher/Designated Safeguarding Lead and updated in-line with [use of reasonable force](#) DfE guidance. All incidents will be recorded in-line with guidance.
- If staff, visitors, volunteers or parent helpers are working with children alone they will, wherever possible, be visible to other members of staff. They will be expected to inform another member of staff of their whereabouts in school, who they are with, for how long. Doors, ideally, should have a clear glass panel in them and be left open.
- Guidance about acceptable conduct and safe practice will be given to all staff and volunteers during induction. These are sensible steps that every adult should take in their daily professional conduct with children. This advice can be found in [Guidance for safer working practice for those working with children and young people in education settings May 2019](#) (Safer Recruitment consortium). All staff and volunteers are expected to carry out their work in accordance with this guidance and will be made aware that failure to do so could lead to disciplinary action.
- Staff should be particularly aware of the professional risks associated with the use of electronic communication (e-mail; mobile phones; texting; social network sites) and should familiarise themselves with advice and professional expectations outlined in the school's **Online Safety Policy and Acceptable Use Policy**.

## 13. Staff Supervision and Support

- Any member of staff affected by issues arising from concerns for children's welfare or safety can seek support from the DSL.
- The induction process will include familiarisation with child protection responsibilities and procedures to be followed if members of staff have any concerns about a child's safety or welfare.

- The school will provide appropriate supervision and support for all members of staff to ensure that:
  - All staff are competent to carry out their responsibilities for safeguarding and promoting the welfare of children
  - All staff will be supported by the DSL in their safeguarding role.
  - All members of staff have regular reviews of their own practice to ensure they improve over time.
- The DSL will also put staff in touch with outside agencies for professional support if they so wish. Staff can also approach organisations such as their Union, the Education Support Partnership or other similar organisations directly.

## 14. Safer Recruitment

- **Balfour Junior Academy** values the importance of developing a safe culture and is committed to ensure that all steps are taken to recruit staff and volunteers who are safe to work with our pupils and staff.
- **Balfour Junior Academy** will use the recruitment and selection process to deter, identify and reject unsuitable candidates. We will ensure that detailed checks are carried out and evidence is provided e.g. criminal record checks (Disclosure and Barring Service (DBS) checks), barred list checks and prohibition checks, together with references and interview information this will aid the school in making a decision about the suitability of the prospective employee.
- The Governing Body will ensure that at least one of the persons who conducts an interview has completed safer recruitment training. At all times the Headteacher and Governing Body will ensure that safer recruitment practices are followed in accordance with the requirements of *'Keeping Children Safe in Education'*, DfE (2020).
- Safer recruitment procedures will include the requirement for appropriate checks in line with national guidance (see: [Safeguarding Children and Safer Recruitment](#))
- We are also committed to supporting the statutory guidance from the Department for Education on the application of the Childcare (Disqualification) Regulations 2009 and related obligations under the Childcare Act 2006 in schools.
- We advise all staff to disclose any reason that may affect their suitability to work with children including convictions, cautions, court orders, cautions, reprimands and warnings.

## 15. Allegations Against Members of Staff and Volunteers

- **Balfour Junior Academy** recognises that allegations sometimes arise from a differing understanding of the same event, but when they occur they are distressing and difficult for all concerned. We also recognise that many allegations are genuine and there are some adults who deliberately seek to harm or abuse children.
- All staff and volunteers should feel able to raise concerns about poor or unsafe practice and such concerns will always be taken seriously by the senior leadership team.
- If staff have safeguarding concerns, or an allegation is made about another member of staff (including volunteers and supply teachers & agency staff) posing a risk of harm to children, then:
  - Allegations should be referred immediately to the Head Teacher or deputy in their absence who will first contact the Local Authority Designated Officer (LADO) to agree further action to be taken in respect of the child and staff member. Please refer to the Medway [LADO Leaflet](#) if you need further information.
  - In the event of allegations of abuse being made against the Headteacher then staff are advised that allegations should be reported to the Chair of Governors who will contact the LADO in the first instance.
  - Any member of staff or volunteer who does not feel confident to raise their concerns with the Headteacher or Chair of Governors should contact **the LADO directly on 01634 331065**.
  - The Headteacher or Chair of Governors will seek advice from the LADO within 24 hours of the alleged incident. No member of staff or the Governing Body will undertake further investigations before receiving advice from the LADO.
- **Balfour Junior Academy** has a legal duty to refer to the [Disclosure and Barring Service](#) anyone who has harmed, or poses a risk of harm, to a child, or if there is reason to believe the member of staff has committed one of a number of listed offences, and who has been removed from working (paid or unpaid) in regulated activity, or would have been removed had they not left. The DBS will consider whether to bar the person. If these circumstances arise in relation to a member of staff at our school, a referral will be made as soon as possible after the resignation or removal of the individual in accordance with advice from the LADO and/or HR.

## 15.1 Whistleblowing Procedure

- All members of staff are made aware of the school's Whistleblowing procedure and that it is a disciplinary offence not to report concerns about the conduct of a colleague that could place a child at risk.
- Where a staff member feels unable to raise an issue with their employer, or feels that their genuine concerns are not being addressed, other whistleblowing channels may be open to them:
  - General guidance on whistleblowing can be found via: [Advice on Whistleblowing](#).
  - Staff can also access the [NSPCC whistleblowing helpline](#) if they do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 (8:00 AM to 8:00 PM Monday to Friday) or email: [help@nspcc.org.uk](mailto:help@nspcc.org.uk)

### **Further Guidance – if in doubt consult**

## **16. Safeguarding Children with Special Educational Needs and Disabilities**

- **Balfour Junior Academy** understands that children with special educational needs (SEN) and disabilities can face additional safeguarding challenges. These children may have an impaired capacity to resist or avoid abuse.
- All staff will ensure that children with SEN and disabilities will be able to overcome the barriers that exist for this group of children and specifically ensure that those with communication difficulties will be supported to make sure that their voice is listened to and acted upon.
- It is important that all staff are aware that children with SEN and disabilities may not always outwardly display indicators of abuse and that some children can be disproportionately impacted by things like bullying without outwardly showing signs.
- All members of staff are encouraged to appropriately explore possible indicators of abuse such as behaviour/mood change or injuries and not make an assumption that they are related to the child's disability.

## **17. Online Safety**

- It is recognised by **Balfour Junior Academy** that the use of technology presents challenges and risks to children and adults both inside and outside of school.
- The use of technology has become a significant component of many safeguarding issues. Child sexual exploitation; radicalisation; sexual predation: technology often provides the platform that facilitates harm
- The DSL has overall responsibility for online safeguarding within the school.
- The DSL and leadership team have read annex C regarding Online Safety within 'Keeping Children Safe in Education' 2018.
- **Balfour Junior Academy** identifies the breadth of issues within online safety can be considerable, but they can be broadly categorised into three areas of risk:
  - **Content:** being exposed to illegal, inappropriate or harmful material
  - **Contact:** being subjected to harmful online interaction with other users
  - **Conduct:** personal online behaviour that increases the likelihood of, or causes, harm.
- **Balfour Junior Academy** recognises the specific risks that can be posed by mobile phones and cameras and in accordance with KCSIE 2020 and has appropriate policies in place that are shared and understood by all members of the school community. Further information relating to this can be found in the school's **Online Safety Policy, Acceptable Use Policy and Image Use Policy** which can be found **on the webs.ite and in the office**
- Should concerns around indecent images arise the police may, need to be involved in cases to ensure thorough investigation including collection of all evidence. Adults should not view youth produced sexual imagery. Never copy, print or share the imagery; this is illegal.
- All incidents relating to youth produced sexual imagery need to be recorded in school or college. This includes incidents that have been referred to external agencies and those that have not.
- **Balfour Junior Academy** will ensure that when pupils and staff access the school systems and internet provision appropriate filters and monitoring systems are in place.
- Filtering and monitoring is an important part of school's online safety responsibilities, it is only one part of our approach to online safety. Pupils and adults may have access to systems external to the school control such as mobile phones and other internet enabled devices and technology and where concerns are identified appropriate action will be taken.
- **Balfour Junior Academy** recognises that many pupils and parents will have unlimited and unrestricted access to the internet via 3G and 4G in particular this

is external to the schools control such as mobile phones and other internet enabled devices. Where concerns are identified appropriate action will be taken. (

- **Balfour Junior Academy** will ensure a comprehensive whole school curriculum is developed and in place to enable and equip all pupils with the knowledge needed to make the best use of the internet and technology in a safe, considered and respectful way, so they are able to reap the benefits of the online world and manage the risks effectively. Please see the '[Teaching online safety in school June 2019](#)' guidance which outline how schools can ensure their pupils understand how to stay safe online.
- The school will also support parents and the wider school community (including all members of staff) to become aware and alert to the need to keep children safe online.

## 18. Curriculum and Staying Safe

- Working Together to Safeguard Children (2019) states that the curriculum should ensure opportunities for “developing children’s understanding, awareness and resilience”.
- Schools play a pivotal and essential role in helping children to understand and identify the parameters of what is appropriate child and adult behaviour; what is ‘safe’; to recognise when they and others close to them are not safe; and how to seek advice and support when they are concerned.
- The school uses the PSHE and RSE curriculum to increase self-esteem, self-awareness and social and emotional understanding, assertiveness and decision making this ensures that our pupils have a range of strategies to ensure their own protection and that they are able to also protect others. Online safety is also integrated in to the curriculum
- The school ensures that teachers that teach the PSHE curriculum have been trained and equipped to deliver high quality PSHE education in a safe way. For further information and training on Medway PSHE programs please follow the link: [School PSHE programmes](#)
- Children feel they are able to talk to a range of staff when they feel they are worried and can feedback about their school experience. Children at **Balfour Junior Academy** will be listened to and heard and their concerns will be taken seriously and acted upon as appropriate.
- Other systems that exist outside of expected day to day classroom interaction and support include: *e.g. anti-bullying policy/ red caps, questionnaires, bullying boxes etc.)*

## 19. The Use of School Premises by Other Organisations

- Services or activities provided separately by another organisation from time to time may seek to use the school premises. The Headteacher or Governing Body will seek written assurance that the organisations concerned have suitable policies and procedures in place with regard to safeguarding children and that relevant safeguarding checks have been made for all staff and volunteers. Without this assurance then an application to use the premises will be refused

## 20. Security

- **Balfour Junior School** has a responsibility to provide a secure site that is controlled by clear management directives, but the site is only as secure as the people who use it. Therefore all staff and people on the site have a responsibility for maintaining awareness of buildings and grounds security and for reporting concerns that may come to light.
- Visitors and volunteers must only enter through the main entrance and after signing in at the office will be issued with a school lanyard or visitor's pass. School has a clear system of ensuring visitors are to be accompanied/supervised by [regulated staff member](#). Any individual on site who is not known or identifiable by a visitor's pass may be challenged by any staff member for clarification and reassurance.
- **Balfour Junior School** will not tolerate or accept the behaviour of any individual (parent or other) that threatens school security or leads others (child or adult) to feel unsafe). This type of behaviour will be treated as a serious concern and may result in a decision to refuse access for that individual to the school site.

## 21. Monitor and Review

- All school staff (including temporary staff and volunteers) will have access to a copy of this policy. The policy will also be available to parents/guardians.
- This policy has been written in September 2020 to reflect the new guidance and legislation issued in relation to safeguarding children and promoting their welfare.
- All staff should have access to this policy and sign to the effect that they have read and understood its contents. The DSL will review the policy following any child protection concerns (including following learning identified from serious case reviews) or allegations against staff to ensure that it reflects appropriate, accurate and up-to-date safeguarding practice.
- The policy forms part of our school development plan and will be reviewed annually.

## 22. Local Support

- All members of Staff in **Balfour Junior Academy** are made aware of local support available.

If a child may be at risk of **imminent harm** you should call **Children's Services First Response Team on 01634 334466** and/or the **Police on 999**

## APPENDIX 1

### Definitions of Forms of Abuse/Specific Safeguarding Issues

#### Definitions of Forms of Abuse

All school and college staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.

- **Abuse:** a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children.
- **Physical abuse:** a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

- **Emotional abuse:** the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

- **Sexual abuse:** involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline

abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education.

**Neglect:** the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

- Staff Behaviour Policy (including Acceptable Use of Technology)
- Safer Recruitment

## APPENDIX 3

### Procedure for dealing with disclosures (the 6 R's – what to do if)

#### 1. Receive:

- Listen to what is being said without displaying shock or disbelief you display denial to a child, or show shock or disgust at what they are saying, the child may be afraid to continue and will shut down.
- Accept what is being said without judgement.
- Take it seriously.

#### 2. Reassure:

- Reassure the child, but only so far as is honest and reliable. Don't make promises that you can't be sure to keep, e.g. "everything will be all right now".
- Don't promise confidentiality – never agree to keep secrets. You have a duty to report your concerns.
- Tell the child that you will need to tell some people, but only those whose job it is to protect children.
- Acknowledge how difficult it must have been to talk and reassure them they have done the right thing.

#### 3. React:

- React to the student only as far as is necessary for you to establish whether or not you need to refer the matter, but do not interrogate for full details
- **Do not** ask leading questions; "Did he/she....?" Such questions can invalidate evidence.
- Do ask open "TED" questions; Tell explain describe
- Do not criticise the perpetrator; the student may have affection for him/her
- Do not ask the student to repeat it all for another member of staff
- Explain what you have to do next and who you have to talk to

#### 4. Record:

- Make some very brief notes at the time and write them up in detail as soon as possible.
- Do not destroy your original notes
- Record the date, time, place, words used by the child and how the child appeared to you – be specific. Record the actual words used by the child
- Record statements and observable things, not your interpretations or assumptions – keep it factual.

#### 5. Remember:

- Contact the designated member of staff
- The designated teacher may be required to make appropriate records available to other agencies

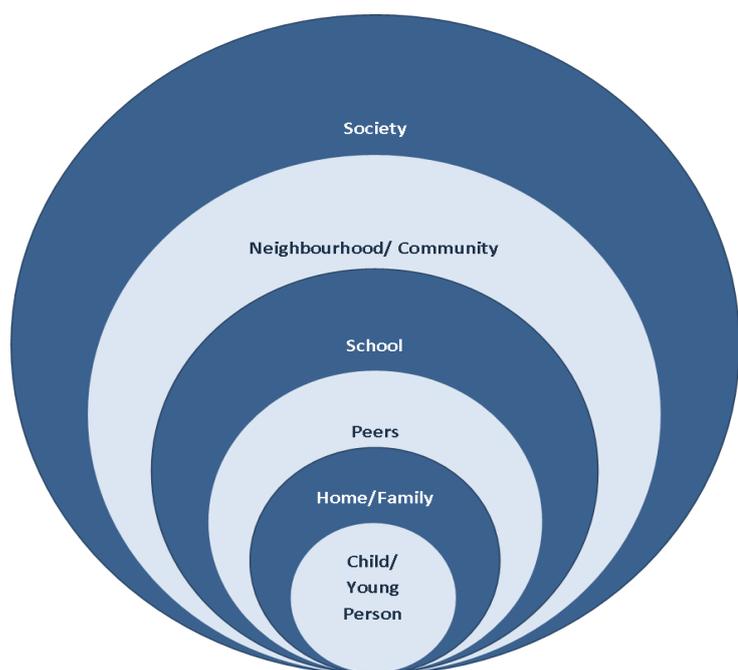

#### 6. Relax

- Get some support for yourself

## APPENDIX 4

### Contextual safeguarding

Contextual Safeguarding is an approach to understanding, and responding to, young people's experiences of significant harm beyond their families. It recognises that the different relationships that young people form in their neighborhoods, schools and online can feature violence and abuse. Parents and carers have little influence over these contexts, and young people's experiences of extra-familial abuse can undermine parent-child relationships. Contextual Safeguarding can be simply illustrated as:

#### Contextual Safeguarding – Areas of Risk

Contextual Safeguarding is applicable to a wide range of risks which can potentially cause significant harm to children and young people where the prime cause of harm is outside of the family. This list isn't exhaustive but includes:

- peer on peer and relationship abuse
- criminal/ sexual exploitation/ online abuse
- missing episodes
- risks associated with gangs

#### Importance of Context:

As children move from early childhood and into adolescence they spend increasing amounts of time socialising independently of their families. During this time the nature of young people's schools and neighbourhoods, and the relationships that they form in these settings, inform the extent to which they encounter protection or abuse. Evidence shows that, for example: from robbery on public transport, sexual violence in parks and gang- related violence on streets, through to online bullying and harassment from school-based peers and abuse within their intimate relationships, young people encounter significant harm in a range of settings beyond their families.

Be aware that safeguarding incidents and/or behaviours can be associated with factors outside school and/or can occur between children outside of this environment Consider whether children are at risk of abuse or exploitation in situations outside their families (e.g. sexual exploitation, criminal exploitation, serious youth violence)

## SAFEGUARDING CHILDREN

Our school is committed to safeguarding all members of our community

We have a detailed Child protection and Safeguarding policy and work hard to ensure that this is followed.

If you have a concern about a young person in school and believe that they may be suffering or are at risk of harm or abuse you should report it to a member of the Safeguarding Team:

## APPENDIX 6

### **Safeguarding During the Coronavirus (COVID-19) Outbreak**

We understand that we face a time of great uncertainty and, as a school, we are doing all we can to provide clarity and safety to the school community.

This appendix includes provisions which the school will have due regard for during the coronavirus pandemic. The information in this section is under constant review and is updated to reflect changes to government guidance as it is released.

#### **Key definitions**

For the purpose of this policy, the following definitions will be utilised:

- Education hub: a cluster of schools and colleges collaborating and sharing resources, staff and pupils in a local area.
- Children of keyworkers: children of parents who work in the following industries:
  - ✓ Health and social care, e.g. doctors and nurses
  - ✓ Education and childcare, e.g. teachers and DSLs
  - ✓ Local and national government, e.g. administrative occupations
  - ✓ Food and essential goods retail, e.g. supermarket workers and grocers
  - ✓ Public safety and national security, e.g. police and ministry of defence workers
  - ✓ Transport, e.g. freight transport workers and train drivers
  - ✓ Utilities, communication and financial services, e.g. bankers, oil workers, and telecommunications (999 and 111 critical services)
- Vulnerable children: those who have a social worker and those with EHC plans. Those who have a social worker include children who have a child protection plan and those who are looked after by the LA. A child may also be deemed to be vulnerable if they have been assessed as being in need or otherwise meet the definition in section 17 of the Children Act 1989.
- Volunteer staff: staff who are working in a school that is not their usual place of work.

#### **The role of the DSL and their deputies**

In light of the current crisis, the school has additional measures in place to ensure the safety and wellbeing of its pupils – this approach is led by the DSL. The DSL and Deputy DSLs are responsible for:

- Ensuring that they or their deputies are available at all times, either in school or via telephone or online communication.
- Sharing their time and resources with other schools, where necessary.
- Identifying vulnerable children and communicating additional safeguarding provisions to pupils and their families.
- Working with the LA to protect vulnerable children.
- Ensuring staff are aware of reporting channels for safeguarding concerns.
- Sharing their contact information with the school community.
- Ensuring there is a consistent approach to safeguarding children throughout the coronavirus pandemic.
- Providing pupils with clear communication channels so they can report any concerns they have, including reports of peer-on-peer abuse.
- Ensuring any pupil who is not formally considered as vulnerable, but who may still be vulnerable, has access to support where required.
- Identifying a suitable member of the SLT to assume the role of temporary DSL should both themselves and their deputies become unable to work.
- Adhering to safer recruitment procedures and carrying out risk assessments on volunteers where required.
- Seeking assurances from employers of volunteer staff, to ensure they have up-to-date safeguarding training and are safe to work with children.

### **Attendance**

From September 2020, the regulations regarding pupils' attendance in place before partial school closure will once again apply:

Central to raising standards in education and ensuring all pupils can fulfil their potential is an assumption so widely understood that it is insufficiently stated – pupils need to attend school regularly to benefit from their education.

Missing out on lessons leaves children vulnerable to falling behind.

Children with poor attendance tend to achieve less in both primary and secondary school.

The government expects schools and local authorities to:

- Promote good attendance and reduce absence, including persistent absence;

- Ensure every pupil has access to full-time education to which they are entitled; and,
- act early to address patterns of absence.
- Ensure parents perform their legal duty by ensuring their children of compulsory school age who are registered at school attend regularly.
- Encourage all pupils to be punctual to their lessons.

The School will take the attendance register at the start of the first session of each school day and once during the second session.

On each occasion we will record whether every pupil is:

- Present;
- Attending an approved educational activity;
- Absent;
- Unable to attend due to exceptional circumstances; or,
- Not attending in circumstances relating to coronavirus (COVID-19)<sup>11</sup>

The school will follow up any absences to:

- Ascertain the reason;
- Ensure the proper safeguarding action is taken;
- Identify whether the absence is approved or not; and,
- Identify the correct code to use before entering it on to the school's electronic register, or management information system which is used to download data to the School Census.

### **Staff training and safeguarding induction**

The school will ensure that all existing school staff have read part one of 'Keeping children safe in education' (KCSIE) and are suitably trained in this policy and any local safeguarding arrangements.

The school will follow safer recruitment processes, in line with the relevant policy, when acquiring new staff. Anyone who has not undergone suitable DBS checks will not be left unattended with pupils.

The school will report anyone to the TRA who they consider a safeguarding risk by emailing [Misconduct.Teacher@education.gov.uk](mailto:Misconduct.Teacher@education.gov.uk) – all referrals received by the TRA will continue to be considered. The school will have a rotary system which allows the headteacher to be aware of who will be in school at any one given time. The school will keep a record of each record of attendance for staff and pupils within school and

any additional risk assessments made on staff in a secure file, e.g. the Single Central Register.

### **Online safety and security**

All online programmes used will be checked by the school's DPO and DSL to ensure they are reputable and GDPR compliant. The ICT technician will work to ensure any loaned devices are secure and have the necessary antivirus malware protection downloaded. Any online queries which require the ICT technician will be addressed over the phone or online as much as possible – face-to-face contact is kept to a minimum.

### **Mental health**

The school understands how the coronavirus pandemic can cause pupils and staff to feel anxious and concerned and will offer any essential support required to those in need. The headteacher will encourage line managers to hold one-to-one meetings with their staff over the phone or via a video call to ensure they feel supported during this stressful time. Pupils will be provided with different resources they can access to help them cope with their mental health, including ChildLine and other online services. Face-to-face support will only be provided where necessary or unavoidable. The school will have due regard for the Social Emotional Mental Health (SEMH) Policy when identifying early signs of mental health issues in pupils. 6. Supporting pupils at home Pupils, parents and carers are provided with online safety information by the school. Pupils will be directed to practical online support, such as ChildLine, where they feel unsafe and require support outside of school.

Parents are given a list of websites their child will be accessing and any information of online sessions with staff their child will be participating in during partial school closure. Parents are provided with the contact details of the DSL so they can report any concerns they have.

### **Monitoring and review**

The DSL is responsible for continually monitoring DfE updates and updating this appendix in line with any government changes and guidance from the local safeguarding partners. Any changes to this appendix will be communicated to all staff, parents and relevant stakeholders.
